BELL TELEPHONE COMPANY IS ADDING NEW EQUIPMENT IN LOCAL OFFICE COSTING $3,000

Facilities of Local Office Will Be Greately Increased By Additional Equipment; Will Speed Up Calls in Rush Season.

The Southwestern Bell Telephone Company is adding new equipment and extending its facilities in Canyon at a cost of approximately $3,000, Hud Prichard, local manager stated Tuesday.

Work on the installation of additional switchboard equipment is well under way but will not be completed for several weeks yet. A crew of four Western Electric company men are in charge of the work, a greater part of which is being done at night.

Two new sections of switchboards have been added. This gives the local office seven sections instead of five, and will give room for 80 more connections. This is being done in view of the future business for Canyon and in preparation for the rush season at harvest time, when the toll lines are taxed to capacity.

The new equipment will enable long distance calls to be handled faster during the rush periods, by the addition of another operator at the switchboard.

In the installation of the new equipment it is necessary for the connections of the telephones over the city to be "cut over" to the new switch boards and this work is being done between the hours of 9 p. m. and 7 a. m. at times when the telephones are not so much in use.

Besides the increased equipment being added to the switchboards at this time other equipment is to be added at an early date, Mr. Prichard states.

It is estimated that the additional facilities will care for the increased growth in Canyon for the next five years.

Pure Seed Sold at Cost to Farmers Are Going Fast

W. H. Upchurch, who has charge of the distribution of the pure seed for the Chamber of Commerce states that all of the seed ordered by that organization will be here by Saturday of this week.

More than 4,000 pounds of the 17,500 pounds of seed ordered had already been sold to farmers who are taking advantage of the Chamber of Commerce offer of purebred seed at actual cost. Varieties of seed include hegari, milo, kafir and sumac sorghum.

LARGE NUMBER OF AMARILLO PEOPLE ENROLLED IN W. T.

Amarillo is giving the West Texas State Teachers College splendid support according to the attendance. records of the College. There are 52 students from Potter county attending the college this term. Many of these find it possible to drive from their homes each day.

BUILDING PERMITS

The first building permit of the year was issued this week to C. O. Archer, for a repair job to his residence. The permit was for $100 in repairs.

This is the first building permit issued at the City Secretary's office this year and the first permit since November 5th.

St. Valentine's— A Day for Lovers

Our prehistoric male ancestors chiseled mushy messages on huge rocks, and grew round shouldered carrying them to the fair ladies of their choice. Some of the really great lovers of those vigorous days also became flat footed.

So we may readily imagine that the quaint and lovely custom of sending Valentines had its birth in the twilight era of an undershot and long-armed age. With the passing of years, methods change, but sentiment stays the same. The true origin of St. Valentine's Day is just as vague as it is unimportant—the fact remains that it is a day set apart for lovers. So let us squander a blessing on whichever of the five or seven Saints, called Valentine, after whom important day was named.

Summer School Plans are Going Forward Hill Says

Plans are going steadily forward at the college for the usual summer school, and all the offices are receiving great numbers of letters from prospective students.

Following his recent trip to Austin, President J. A. Hill said, "While no one can know at this time the details of our summer school program, plans are going forward for the opening on June 3rd. The usual departments will offer the customary courses and facilities. Full details will be given the public soon after the Legislature disposes of the emergency appropriation bill, which will probably be done within a short time."

Former Member of Faculty Here Writes New Book

A book by T. R. Garth, formerly a member of the faculty of the West Texas State Teachers College, is hailed with great interest by authorities in the field of psychology and sociology.

Dr. Garth's book, which is just off the press, is called "Race Psychology." The author has made an extended study of the Indians of the western United States and is contributeds on this subject are accepted as authoritative.

Of his latest book Professor R. S. Woodworth of Columbia University says: . . . "the only way to approach the truth is to start with facts, plus a critical and circumspect attitude towards the facts. So the results of intelligence testing of different races are to be hailed as a start towards the truth of the matter. But we need to ask ourselves at once whether the tests are fair to the different races compared. We need to have our eyes open to the elements of unfairness, so as to make allowances for them.

"This is precisely the attitude of the author of this book. A gatherer of data himself, he has schooled himself to avoid hasty conclusions and to view the facts in the light of the influences which are likely to have distorted them. If his conclusions are less sensational than many that have been put forth in this line of investigation it is because he preserves his balance and has his eyes open to all sides of the question."

Dr. Garth, who is well-known all over Texas, is now professor of experimental psychology in the University of Denver.

Canyon Eagles in Final Game With Hereford Team

The Canyon High School Eagles will go to Hereford Saturday night to close the 1931 basketball season. The Eagles downed the Hereford team here last Thursday night.

Canyon lost a game Tuesday night to the Amarillo Sandies by a 36-16 score on the Amarillo court.

Accompanying the Eagles on the Hereford trip will be the gilrs' team, which will play the Hereford girls as the final game for the season. Both these teams met here last Thursday night, with the Canyon girls taking the long end of the score.

CITY BEAUTIFIES PROPERTY IN WEST PART OF TOWN

According to G. H. Hardman, manager of the city waterplant, 132 trees have been set out during the past few days on the two blocks of city property in the west part of town.

These trees, which range in height from 8 to 10 feet have been distributed over the city property.

ACCIDENT VICTIM RECOVERING

Miss Alleith Elliston, who was injured several days ago in a car wreck in Amarillo, was able to be removed from the hospital in Amarillo, to her home Monday.

WEST HIWAY CONTRACT TO BE LET SOON

STATE DEPARTMENT WILL OPEN BIDS THIS MONTH.

Commissioners' Court Has Completed Their Papers on Right-of-Way.

The contract for the grading and drainage of 15.5 miles of highway 33 west from Canyon to the Deaf Smith county line will be awarded at the February meeting of the State Highway Department on February 27-28, according to information released by the department early this week.

Advertisements asking for bids on the project have been posted and the bids recieved will be opened at the meeting of the highway body in Austin.

All papers in connection with securing the right of way west from Canyon have been completed for several weeks and awaiting the action on the part of the State Department. The right of way for the re-routing of the highway was secured by the County Commissioners' Court with little opposition and completed without great difficulty.

Commissioners of the county had hoped that the bids on the paving of the highway south to the Swisher county line would be asked for and the contract let this month, but according to the information from Austin that will not be done at this time.

All papers were prepared and submitted to the highway officials some time ago with a plea that they be pushed through as rapidly as possible. It was thought that only a few minor details prevented the contract south being let in January and these were corrected early in January by the Commissioners' Court. It was expected that the contract south would be let before the one on the highway west.

Judge S. B. Orton stated that there had been no indication as to what time the contract for the highway south would be awarded.

Two other projects in the Panhandle will be handled this month by the Highway Department. Concrete paving of 7.39 miles on highway 33 in Gray county, between Pampa and the Carson county line. On highway 75 between Shamrock and the Oklahoma state line in Wheeler county, contract for 13.3 miles of grading and structures will be let.

Plans for Annual Meeting P-P H S Are Being Made

The Panhandle-Plains Historical Society will hold its annual meeting on April 10, according to announcement of L. F. Sheffy, the field secretary.

Mr. Sheffy stated that there are so many meetings in the spring that the directors found it hard to find a satisfactory date, and that April 10 promises warmer weather than any earlier time and will be suitable because there will be no other large gatherings in the city at that time. It is expected that the attendance this year will be record breaking as more people are becoming interested in the work of the society than ever before.

The details of the program will be announced within a short time. It is hoped that an all-day program can be arranged, since this plan proved so successful last year.

McSpadden Bros. Purchase Herd of of Fine Jerseys

The McSpadden Brothers who are establishing the Plains Dairy Farm, 5 miles southeast of Canyon, closed a deal Saturday for the purchase of the entire herd of purebred Jerseys of the R. C. Nichols herd.

The herd contains some of the best Jerseys in the Panhandle and won a wide reputation for Mr. Nichols when he lived in Swisher county. He moved the herd to Roswell about a year ago.

The McSpaddens have constructed a new and modern dairy barn and are now moving the Nichols herd here, which is to be added to their present small herd of Jerseys, bringing to Randall county some of the best blooded Jerseys in the entire Panhandle.

Miss Flora Dorris of Amarillo spent the week end with Mr. and Mrs. T. V. Reeves.

To Hold Four-Day Recreation School In Canyon Soon

Miss Minnie M. Grubbs, with the Extension Service of A. & M. College and Supervisor of Home Demonstration work for District One, was a visitor in Canyon Tuesday, conferring with County Agent W. H. Upchurch, President J. A. Hill, and Miss Marion Normington of the Home Economics department of the College, concerning two meetings which will be held in Canyon during the coming spring months.

Arrangements were made to hold the first Recreation School ever held in this part of Texas here sometime in March. The dates for the school will be announced at an early date. According to Miss Grubbs, this school is made possible by the co-operation of the National Recreation Association and the Federal Farm and Home Demonstration workers. It will be attended by a selected group of about fifty rural readers and county workers from the Farm and Home Demonstration districts one and two.

The purpose of the school is to train leaders in recreation work for the rural communities, re-building the community life and spirit. The school will be four days in length and the entire program will be conducted by experts from the two agencies who have planned it. The sessions will be held at the College, which will place its facilities at the disposal of the workers. Other Panhandle cities sought the school, but owing to the facilities of the College here, the meeting was scheduled for Canyon.

Tentative arrangements were made for the second one-day Home Demonstration meet to be held here also. This meeting will be held in April under the direction of the Home Economics Department of the College. Nearly 400 women from several counties over the Panhandle were here for the first meeting of its kind held last spring and Miss Grubbs states that there is much of a demand for a similar program this spring.

While here Miss Grubbs commented highly on on the excellent work which is being done by Home Demonstration Agents in District one, who have been trained in the college here.

Miss Ruth Bloodworth is agent in Motley county, and has done outstanding work. Miss Margie Lion is in Carson county; Missb Viola Jones directs the work in Wheeler county; Miss Myrtle Miller is in Gray county and Miss Doris Leggitt in Wilbarger county. All of these demonstrators are helping farm people to live at home and to have plenty of variety in food which they place on their tables; to have attractive clothes for the whole family and better arranged homes. In Wheeler county alone, there were more than 200 homes in which enough vegetables, fruits, pickles, jellies, and meats were canned to enable the families to set a good table for the entire year. Some of the agents have as many as twenty-five girls' and women's clubs that they direct.

Farm and Home Demonstration work has never been as much appreciated as it is at the present time, Miss Grubbs stated.

From Canyon Miss Grubbs went to Hereford for a conference with the Home Agent there.

Trades Day Plans Well Under Way For Monday 23rd

Plans for the regular monthly Trades Day for February 23 are already under way, L. N. George, secretary of the Chamber of Commerce states.

Those serving on the committee for Trades Day are: C. L. Thompson, G. A. Farlow and J. R. Moses.

Mr. George states that the Trades Day for this month will be one of much interest to all farmers in the country. Several prizes on country produce are being planned.

Miss Weter and Mrs. Foster To Present Pupils

Miss Elizabeth Weter and Mrs. Lee Foster are presenting their expression and piano pupils in a costume recital at the Canyon High School auditorium this evening beginning at 7:45.

Each pupil will be costumed appropriate to the selection that he will speak or play. Selections of many kinds will be given and the program promises to be one of the most entertaining of the year.

HERD TO FACE LOBOES HERE THIS WEEK END

BUFFS AND SUL ROSS TO PLAY FOR WESTERN TITLE.

Both Teams Have Splendid Showing This Season and Promise Two Fast Games.

Coach Sam Burton has been sending his herd of Buffalo Basketeers through the paces all this week pointing for the final conference games of the season when the Loboes of Sul Ross open a two game series here tomorrow night at Buffalo Gym.

After taking McMurry into camp last week end for the fifth and sixth consecutive conference wins in the same number of games, the Buffs looked ragged in their game Saturday night, as the Herd was held to a 10-10 tie for the first half.

Monday afternoon was used in checking over the offensive floor plays, as "Sad" Sam began to over-haul his squad and drill them for the coming encounters. Tuesday afternoon found the entire group taking the work seriously as they were going over and smoothing down the tip off plays. Wednesday's and today's work outs consist of defensive plays and a general rounding off for the games Friday and Saturday night.

Plans have been laid to stop the mighty Shaddix and Rosette, two freshman forwards, who have been so fast that they have replaced older letter men on the squad of Sul Ross. Shaddix has been leading the conference for several weeks and has counted largely for the fine showing Sul Ross has made so far this season. They have had little trouble in meeting their opposition, losing to Daniel Baker by only one point last Friday night. On paper the Loboes appear to be almost as strong as the Buffaloes and should prove to be a tough bunch.

The game with the Sul Ross crew will be a case of Teacher vs. pupil. Coach B. C. Graves, of Sul Ross was a former Buffalo football quarterback and a pitcher on the baseball squad, when Burton was coaching all sports at the college.

Although Graves never played basketball under the Buff Mentor, he was at the time he was a student here and afterwards as a coach, he has been a close student of the West Texas basketball

College Shows a Steady Enrollment For This Term

The Panhandle of Texas has another evidence that it is in the white spot of the United States in the attendance at the West Texas State Teachers College. At the present time the names of 1457 students appear on the rolls of the college. This does not include more than 500 club women who are taking extension courses from the college. These are not included because the women do not receive college credit for the work done.

It was generally supposed by the college administrators that there would be a large number of withdrawals from the college at the beginning of the winter term due to the economic conditions prevailing. Actually the gain in attendance came withone of balancing all the losses sustained from the opening of the college in the fall to the present time.

Texas School Head to Visit With Hill Soon

J. C. Cochran, president of the Texas State Teachers Association, and superintendent of schools at **Mexia, Texas**, has written President J. A. Hill of the West Texas State Teachers College that he expects to be in Canyon soon to confer with members of the Teachers College faculty concerning the program of the State Teachers Association which is to meet in 1931 at the city of Amarillo.

On the same trip Mr. Cochran will confer with Supt. W. A. McIntosh of the Amarillo public schools and will try to meet a large number of superintendents of the region.

Mr. Cochran stated that he hoped the meeting of the Teachers organization in Amarillo could be characterized by the best program and the largest attendance in the history of the association.

CITY WILL OFFER LONGER TIME CONTRACTS TO WATER USERS DURING THE SUMMER MONTHS

Contracts May Be Signed for Six, Seven or Eight Months Time for Use of Excess Water Supply for Garden and Home Use.

Users of city water will be granted a special privilige of contracting for a large quantity of water to be used during the spring and summer months for irrigation purposes and home use, for a period of six, seven or eight months, Harvey Cash, city secretary, announced this week.

Many of the users of city water are already seeking the special rate for use of large quantities of water. During the past two years the contracts have become effective in April and expired in September, but this year they are offered beginning with March and extending to October.

Mr. Cash states that those who want to take advantage of the offer of an eight months contract must sign the contract at the City Hall before February 23. The contract states that the water is to be used for irrigation and home consumption, only. It may be used separately for either, or jointly for both purposes. All contracts, whether they be for either of the three offers must be made before March 15.

The consumption of ten thousand gallons and over will get a reduction of one cent per thousand gallons under the cost of last year. From six to ten thousand gallons will be 40 cents per thousand; from ten to fifteen thousand gallons will be 38 cents per thousand; from twenty to twenty-five thousand will be 34 cents per thousand; twenty-five thousand and over will be 32 cents per thousand gallons. All bills will be subject to a 10 per cent discount if paid within 10 days from date of bill.

College Glee Club to Give Program at High School

The Girls' Glee Club of the West Texas State Teachers College will present the assembly program at the Canyon High School on February 19, according to arrangements made by Supt. Irby Carruth and Miss Ada V. Clark, who directs the club.

The club which is composed of eighteen girls will present "Pan." Miss Hazel Allen is accompanist for the organization. The assembly is at ten o'clock. Patrons of the school and any other townspeople who are interested are invited to attend.

Response to Red Cross Appeal is Slow Stewart Says

An urgent appeal is sent to the people of Randall county to respond to reach the quota of Randall county in the Red Cross drive for funds to aid the suffering of the nation, by Dr. D. M. Stewart, chairman of the county Red Cross chapter.

The quota of this county was set at $100 and the goal is far from being reached at the present time. Several other counties of the Panhandle have reached the quota set for them several days ago.

Dr. Stewart stated Wednesday that he believed that the people of Canyon and Randall county did not fully realize the extent of the need for the money being asked for by the National headquarters of the Red Cross.

Another special nation-wide broadcast will be heard tonight on both the blue and red networks of the National Broadcast Company between 8:30 and 9:00 o'clock tonight, it was announced.

Local Red Cross chapters are now meeting food and clothing needs of families in 735 counties in twenty states in the drouth area, an increase of 109 since January 22. These counties are distributed among the states as follows: Alabama 39; Tennessee 37; Georgia 2; Virginia 61; Indiana 23; West Virginia 37; Kentucky 116; Arkansas 75; Louisiana 34; Illinois 24; Maryland 9; Missouri 34; Mississippi 65; Montana 13; North Carolina 9; North Dakota 3; Ohio 33; Oklahoma 50; Pennsylvania 3; Texas 68.

Pioneer Panhandle Lady Died Last Week in Hereford

Mrs. D. R. Gass, mother of Mrs. N. E. McIntire of this city and a pioneer resident of the Panhandle died at her home in Hereford late last Thursday afternoon. Funeral services were conducted Friday.

She was survived by her husband, owner of the oldest business establishment in Hereford, and the following children: Charles L. Gass, Palacios, Texas; Claude L. Gass, Ringold, Texas; Nester E. Gass, Hereford; Mrs. G. C. Hutchinson, Tulia; Mrs. N. E. McIntire, Canyon; Mrs. W. B. Anthony, Beggs, Oklahoma; Mrs. Earl Bennett, Amarillo; Miss Mabel Gass, Hereford.

TWO ARE FINED IN COUNTY COURT DURING PAST WEEK

W. F. Denny, charged with parking on the highway at night without proper lights on the truck he was driving, was found guilty and fined $25.00 and costs in the County Court several days ago. He served notice of appeal.

The accident which resulted in the injury of several members of the C.A. Pierle family last summer is alleged to have been caused by Deny parking a truk on the highway without proper lights.

Curtis Brown, charged with unlawfully carrying a pistol, was tried in the County Court Saturday and found guilty. A fine of $100.00 and costs was assessed. Brown has served notice of appeal.

Rotarians Hold Meeting Tuesday at College Hall

As a change from the regular meeting place at the First Presbyterian Church, the Rotary Club held the weekly luncheon Tuesday at the college dining hall, with the meal served by the members of the home economics department.

Ernest Cabe, who was the student delegate from the college to the International Conference held in Detroit during the holidays, was the speaker Tuesday. He gave a second discussion of the meeting in Detroit.

Boone McClure, newly elected scout master for the Canyon Boy Scout organization, was present and introduced to the club by Travis Shaw, who had charge of the program Tuesday.

Miss Minnie Grubbs, connected with the extension service of Texas A. & M. who was here Tuesday and a guest of W. H. Upchurch, briefly discussed her work.

Cabe, in his discussion told of the race question as it was discussed at the conference. He stated that a large group of the delegates to the conference were negroes and that trouble was encountered with the management of a hotel because the negro delegates were placed in separate sections of the building.

He stated that it was discovered at the conference that negroes are fast joining the communist movement wherever the opportunity is presented.

He mentioned his visit to the black and tan belts in Chicago.

President Doug Shirley announced that he had received word from Plainview that registration fees at the district meeting to be held there in April had been reduced from $5.00 to $1.00.

The club will hold its meeting back at the Presbyterian church as in the past beginning next week.

Visitors present were: Miss Minnie Grubbs, College Station; B. C. Workman, Plainview; Ross Hatcher, B. E. Masters, B. C. Bennett and Ed Enochs, Amarillo and Boone McClure and Ernest Cabe, Canyon.

MEMBER TEXAS PRESS ASSOCIATION

FIRST LEGISLATIVE MONTH

By Clyde W. Warwick
(Representative 123rd District)

The end of this firsst legislative month finds the lines pretty well defined as to what may be expected from the 42nd Legislature. Many freak bills and revolutionary measures have been introduced, but from the test votes so far taken indications are that this session will be conservative, almost ultra conservative and that the cooler heads will finally prevail in whatever measures that are passed by both Houses and approved by Governor Sterling.

The battle on emergency appropriations will likely be in progress by the time this is printed, in fact, the battle in the committee room has been going on since the opening of the session. No one blames the present administration or the spokesman of the present administration for adopting a conservative attitude. It has been clearly shown that Governor Moody made a serious mistake in vetoing necessary items from the general appropriation bill of the 41st Legislature. He made the further mistake of demanding a reduction in the tax rate for this year so as to cause the present deficiency in the State Treasury. No incoming governor wishes to assume the financial obligations of his successor. Governor Moody cried out against the Ferguson administration under the same situation that he left for the Sterling administration to face, but the sad feature is that while Governors are wrangling over the success or failure of their administration and over their high or low tax rate, departments of government and institutions suffer if there is not sufficient money to carry on. That is the penalty we pay for our democratic form of government.

Governor Sterling is clearly indicating that he does not wish the legislature to appropriate a lot of money for emergency bills which cannot be paid out of the available revenue for this fiscal year. No one can blame him for that, but the fact nevertheless remains that unless he is willing to run the State further in the red, all departments and institutions of our State government will suffer greatly the remainder of the year. The Governor has also indicated that while he wishes to observe economy in all branches of the State government he is not afraid of an adequate tax rate to support the State. That is the most cheerful aspect of the present administration.

Our reader, living hundreds of miles from Austin, no doubt wonders why this great wave of economy and entrenchment has hit the Legislature. It is clear. The average tax payer is prone to look upon the Legislature as an extravagant body. This will not be true of the present Legislature. Appropriations for emergencies have been cut to the bone. The heads of institutions had to show without question that the items requested were absolutely emergencies or they were rejected by the committees. When the money bills reach the floor of the House and Senate, further pruning may be expected. This is quite natural under the present period of depression. State employees will do well if they escape without a reduction in salary. It is absolutely certain that no one will receive an increase—the reasons are very apparant.

With the bread lines in the cities; with unemployment at its greatest height; with the farmer and producer unable to sell their products even at the cost of production; with every line of business operating at either an actual loss or at a very small percent of profit, it is evident that an attack will be made upon salary schedules. Certainly this is unjust, but it depends altogether upon the point of view.

The condition we are dealing with is an acute situation and not a theory.

Another factor in the present Legislature is brought about by the fact that there are many members here with hobbies which they wish to promote,—for instance, bills are pending to create two more State colleges. Those promoting these institutions would make an onslaught against the existing institutions hoping thereby to save in the treasury sufficient funds for the new colleges. There are others who hope for various kinds of large appropriations and know that the only way to secure them is to bleed the existing schools and departments in order to secure the money. An office building is needed in Austin; the capitol building should be made fire proof; but there will be no money available unless general appropriations are cut to meet these demands. The reader will thus gain a faint idea as to why it is not possible to rush down to Austin and secure large apropriations with conditions prevailing as they are today.

Just a word of advice: Do not rush to the telegraph office when you read that a certain type of bill has been introduced. Save your money; a letter will reach your Senator or Representative probably before he is aware that the bill is in the hopper. The mere introduction of a bill only starts it on its rocky way toward becoming a law. It goes first to the committee of twenty-one members. If it should be introduced in the House, it must withstand a careful scrutiny. The public is invited to a protest against the bill; any citizen may speak his mind. If there is no merit to the bill it is promptly killed by the committee and its legislative days are ended. If there are any questions regarding the merit of the bill it is heard from day to day while members seek further information. Nothing is rushed in these committee hearings. Should the bill be reported favorably it is printed and laid on the desks of the members for at least twenty-four hours before it can be considered. It is more likely to be there a month and citizens may be assured that these bills are carefully read by a majority of the members before they are called up. When presented to the House the bill must withstand arguments of the members. If the bill is questionable in merit, it stands very little chance of passage.

If the bill finally is passed by the House, it goes to the Senate and must go through the very same channel as outlined above, thus the reader will see the fallacy of spending good coin to wire a protest, when a two cent stamp will carry the message. This is not intended as a boost for Uncle Sam's postoffice or a knock on the telegraph company; it is just good business.

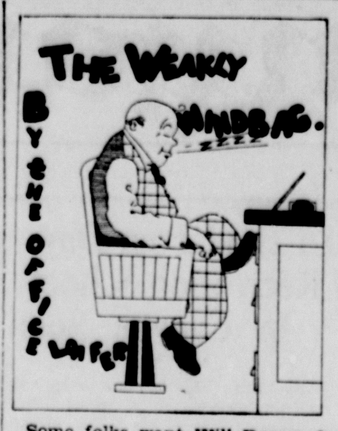
The Texas Press Association met in Austin Friday and Saturday in business session. It is the custom to meet every two years while the Legislature is in session to discuss publication laws, and other laws relating to the press. Members of the Legislature who were invited to speak before this gathering were: Lieutenant-Governor Edgar E. Witt, Speaker Fred H. Minor, Senator Margie E. Neal, Senator Joe Moore, and the writer. The fraternity proposes a publication law which will have hard sledding. The lawyers are not sympathetic when it comes to dealing with matters which require them to make publication of notices.

Committee meetings are pushing out bills in rapid fashion, and indications are that the balance of this session will see some interesting developments at Austin.

Everything in it's place, but sometimes there is not a place for everything in this age of bustle and hurry.

Of course young married couples are not cannibals, but many of them do frequently live off of their parents.

Superstitious citizens may find a little consolation in the fact that there will be only three Fridays the thirteenth in the present year.



Some folks want Will Rogers for President.

I am opposed to the idea!

I am not doubting a single statement anyone makes in pushing the campaign favoring Will. I am not questioning any good thing that may be said about him. I believe, as many others do, that will Rogers is a splendid fellow, well liked, has the cause of humanity at heart, and has a head full of common sense and above all is nobody's fool.

But, despite all the good things in his favor I am against him as a candidate for the office of President of the United States, although I guess I would vote for him on any ticket on which he may care to run. I don't doubt that he would be elected if he could be nominated.

Still I'm against his nomination. Here's why.

Why ruin the most original man that America has ever produceved by burdening him with the most thankless position in the hands of the American people Don't get me wrong. The office of President is the most honored and most coveted high office known to the civilized world and is the heritage of many long and bloody wars. It is given to us, a free political people, as the reward of a long and conquer-battle for freedom. Nevertheless, that high and noble office has ruined more men than any other similar position.

Political bosses and scheming politicians harrassing the very strongest of men will soon break and ruin them.

Will Rogers is one of the most unique characters in America. He is one of the few men who can say what he thinks about anyone and make that person laugh with the crowd. He is one of the very, very few men who speak their own mind. He is no doubt very sensiable and has a very shrewd mind. Yet, I see no reason to destroy him by forcing him into the position of President.

Will would come as near as anyone else in herding Congress the way in which it should go, but at that the world be a broken man when he left the White House.

My friend old Farmer Hogfissel declares that "wimmin, bridge, commissions and reports have just about ruined good rip-roaring politics."

The young squirt in the back shop says that the call to spend more money and bring back prosperity is going well. At least some people seem to think that some of their utility bills are aiding the move too much.

Susie says that they talk of bringing prosperity back, but she would like to know where it went.

One thing about the Will Rogers' pictures that makes them different is the lack of a theme song.

Listen folks, lets every one tie up the black cats of the town until Saturday. It won't do with them running loose all day tomorrow with it being FRIDAY THE 13TH!

I would like to borrow all the spare rabbit feet of the city for that day.

Incidentally, Susie, the dumb, star gazing office steno, has built up a fortress around her desk, consisting for the most part of several decks of fortune telling cards, fortune telling books, and books dealing in what the stars tell you and both a world and Texas almanac. She has ordered all ladders in the building, removed and she has padded cotton six inches thick, around the mirror in her beauty box which she keeps in the left top drawer of her desk. She declares that regardless how much it rains tomorrow, she will have nothing to do which umbrallas. Protection now and chances later is her motto.

Here's hoping that the day does not prove to be too much of an ordeal for yours truly, but horrors, we will have another such day in March and that is the month we have the Ides! Oh, dear.

There is a time for everything except at times when things pile up too fast.

The new Ford is an economical car to own and drive

Low first cost, low cost of operation and up-keep, and low yearly depreciation mean a distinct saving to every purchaser

THE NEW FORD is a splendid car to own and drive because of its attractive lines and colors, safety, comfort, speed, reliability and long life.

There are, in addition, three other features of importance to every far-seeing automobile owner . . . low first cost, low cost of operation and up-keep, and low yearly depreciation.

During the life of the car, the day-by-day economy of owning a Ford will amount to considerably more than the saving on the first cost. You save when you buy the Ford and you save every mile you drive.

The reasons for this economy are simplicity of design, high quality of materials and care in manufacturing and assembling. Many vital parts are made to limits of one one-thousandth of an inch. Some to three ten-thousandths of an inch. Throughout, the new Ford is an outstanding example of fine craftsmanship in automobile engineering.

The more you see of the new Ford—the more you talk to Ford owners and experienced mechanics—the more certain you become of this fact. . . . It brings you everything you want or need in a motor car at an unusually low price.

Frank G. Harrison Takes Amarillo Girl as Bride at Phoenix, Arizona

A wedding of interest to residents of the Panhandle took place Saturday, January 31, at Phoenix, Arizona, when Miss Mamie Youngblood of Amarillo became the bride of Mr. Frank G. Harrison of this city.

The bride is the daughter of Mr. and Mrs. Henry Youngbood of Clarendon. She is a graduate of the Clarendon high school and attended W. T. S. T. C. in 1926. Until the time of her marriage she was associated with the Gibson Oil Company in Amarillo in the capacity of secretary.

Mr. Harrison is the son of Mr. and Mrs. J. S. Harrison, pioneer residents of Canyon. He was reared here, is a graduate of the Canyon high school and attended W. T. several terms. While a student in W. T. he was a member of the Antler and Red Man socities and was prominent in the school activities. He is now a contractor with the Continental Oil company which has headquarters in Tulsa, Okla. and for the past several months has been located at Phoenix.

The couple have made their home in Phoenix for the present.

MISS LORENA FRIEZE HONOREE AT DINNER

Honoring her sister, Miss Lorena Frieze, and in celebration of her birthday anniversary, Mrs. G. A. Farlow entertained with a beautifully appointed dinner at her home, 1813 Fifth Avenue, Tuesday evening.

Valentine colors and designs peeped from many points of vantage in the dining room. A white cake topped with a red candle and surrounded by red hearts made a lovely centerpiece for the white damasked table. Tall red tapers shed a soft radiance over the places which were marked with red poppy nut cups. A three course dinner featuring the chosen colors was served.

Seated were: Miss Frieze, honoree; Miss Minnie McCarty, Miss Lillian Atkins, Mr. and Mrs. Lige Frieze, Mr. and Mrs. Vincent Shuman, and Mr. and Mrs. Farlow.

MRS. EDWARDS HOSTESS TO JOLI MARDI CLUB

Entertaining the members of the Joli Mardi club Mrs. J. A. Edwards was a charming hostess Thursday afternoon, January 29th. Bridge occupied the greater part of the afternoon and following the games delicious refreshments of sandwiches, pecan pie and coffee were served.

Those present included Mrs. Felix Pierce, Mrs. Clifton Duke, Mrs. Victor Steen, Mrs. Dee Lowry, Mrs. W. T. Simmons, Mrs. Cleo Edwards, Mrs. Clyde Johnson and the hostess.

CARLEEN SCOTT

The attractive young miss above is celebrating her first birthday today, February 12th. Judging by her picture she is exceedingly healthy, happy and contented with life in general. She is Miss Carleen Scott, daughter of Mr. and Mrs. Carl Scott of this city.

ETHELENE WOFFORD IS HONORED TUESDAY EVENING

Mrs. Elizabeth Fry Page entertained Tuesday evening at the Little House of Fellowship with a jolly holiday party honoring Miss Ethelene Wofford of Lockney, a student in W. T., and other college students whose homes are in Lockney.

The rooms were attractively decorated in the red and white of the Valentine season and many novel stunts and games were planned by Mrs. Page for the enjoyment of her guests. Features of the evening were several love stories of bygone days interestingly told by Miss Mary Moss Richardson. Valentines were exchanged by those present just prior to the serving of a delicious refreshment plate of Valentine punch, cakes, heart shaped candy and salted nuts.

Following refreshments the group gathered around the piano and sang old-fashioned love songs. The closing number was the Little House song which was composed by Mrs. Page.

Thirty-eight were present at the affair. The list of invited guests included Ethelene Wofford, honoree, Bishop and Mrs. E. C. Seaman and daughter, Miss Mary, of Amarillo, Rev. and Mrs. E. E. Madeira of Plainview, Edwin Boedecker, Laurence Brotherton, Glenna Collins, Oneta Comer, Carlton Cook, Leo Cooper, Ina Merle Cooper, Rolland Crouch, Rowena Ewing, Winfred Fowler, Leola Griffith, Hazel Raper, Connie Roberson, L. The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.

AFTER THE FIRE— what?

Will you have to start from the beginning again . . and save and save for a home? Or will the fire insurance companies cheerfully and promptly assume all losses?

Are You All TIED DOWN?

Does your household equipment contain an old time wash tub, a broom, a mop, an old fashioned refrigerator, a slow motion antiquated sewing machine and other articles that your mother and grandmother had to use because they were the best that they could get?

These articles have gone out of shyle just the same as has the style for women to take a back seat and consider themselves old at thirty or forty years of age.

Electricity is serving the fetters that have tied women down in home drudgery for centuries.

Be modern—epuip your home with an electric washing machine, an electric cleaner, an electric floor polisher, electric sewing machine and an electric refrigerator—the saving in doctors' bills and extra help will more than pay for the machines. Call us for details on how easily these articles can be procured.

BUSINESS WOMEN MEET AT OSCAR GAMBLE HOME

The regular meeting of the Business Woman's club was the occasion for an enjoyable party at the home of Mr. and Mrs. Oscar Gamble, 1207 Fifth Avenue, Wednesday evening with Miss Gladys Beavers and Mrs. Berl Mayfield as hostesses.

Immediately upon arrival of the guests a business meeting was held with Mrs. Mayfield, president, presiding. Bridge was selected as the social diversion and following the games a delicious refreshment course was served. Decorations featuring the Valentine motif were effectively used in the table accessories and the refreshment course.

Guests present were: Miss Lorena Frieze, Miss Olive Schramm, Miss Edythe Wiggins, Miss Lillian Atkins, Miss Emil Brewer, Miss Marie Wallace, Miss Irene Presley, Mrs. E. L. Braudt, Mrs. Vincent Shuman, Mrs. C. E. Newberry, Mrs. W. H. Hartman, Mrs. Clyde Davis, Mrs. Alvin McDonald, Mrs. J. A. Edwards, Jr., and Mr. and Mrs. Gamble.

PRISCILLAS ENTERTAIN HUSBANDS WEDNESDAY

The red and white of the Valentine season was pleasingly developed in the decorations at the lovely home of Mr. and Mrs. G. A. Farlow, 1813 Fifth Avenue, when the members of the Priscilla club entertained their husbands with bridge at their home Wednesday evening.

Tallies and score pads carried out the heart motif which was repeated in the dessert course served following the play.

Those present were: Mr. and Mrs. J. L. Duflot, Mr. and Mrs. Frank Hicks, Mr. and Mrs. Joe Black, Mr. and Mrs. Hud Prichard, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Felix Neff, Mr. and Mrs. Lige Frieze, Mr. and Mrs. Carl Scott, Mr. and Mrs. A. H. Bryant, Mr. and Mrs. Mac Gillham, Mr. and Mrs. Oscar Gano, and Mr. and Mrs. Farlow.

MRS. ANDY WALSH IS HOSTESS WEDNESDAY

Las Senoras Nuevas club furnished the inspiration for a lovely party at the home of Mrs. Andy Walsh, 1707 Seventh Avenue, Wednesday afternoon with Mrs. Walsh as hostess.

The motif of the Valentine season was attractively developed in the bridge table accessories and repeated in the delicious dessert course served at the tea hour.

Those present included the following names: Mrs. Hud Prichard, Mrs. Glen Costley, Mrs. Jim Rose, Mrs. Jack Boutwell, Mrs. Owen Williams, Mrs. Claude Moore, Mrs. Felix Neff, Mrs. J. Madison Daugherty, Mrs. Carl Scott, Mrs. Ross Craig, Mrs. Harry Wood, Mrs. Mitchell Jones, and Mrs. Ray McReynolds.

MISS STEWART COMPLIMENTED WITH PARTY

Complimenting Miss Dannie Mack Stewart, who has recently returned to Canyon from Denton where she has been attending school, Mrs. Elizabeth Chandler and Miss Lenna Foster entertained in her honor at the home of Mrs. Chandler Saturday afternoon.

Bridge formed the entertainment of the afternoon. At the conclusion of the spirited games, Miss Stewart was presented a lovely guest favor. High score prize went to Miss Mary Lockwood Sternenberg and consolation to Miss Audrey Cayotn.

A delectable plate luncheon was served to the following guests: Miss Stewart, guest of honor; Miss Wilmoth Gamble, Miss Mary Lockwood Sternenberg, Miss Iona Pearl McClure, Miss Ruth Wiseman, Miss Marjorie White, Miss Lola Pinson, Miss Ruth McGowan, Miss Audrey Cayton, and Miss Geneva Golden.

MRS. WOOD IN CHARGE OF CLUB PROGRAM

Mrs. Harry Wood had charge of the lesson on the highways of America at the regular meeting of the Junior Woman's club in the court house Monday afternoon.

The roadways discussed were Highway No. 60 from Newport News, Va., via Louisville, Ky., to Springfield, Mo., and Highway No. 50 from Annapolis, Maryland, via St. Louis to Salt Lake City, Utah.

Mrs. Felix Neff was voted into the organization as a new member during the business session which followed the program. Mrs. Andy Walsh, president, also discussed the appointment of a committee to outline the plan of study for next year. No definite appointments were made, however.

MR. BRYANT IS SURPRISED ON BIRTHDAY ANNIVERSARY

Surprising her husband on his birthday anniversary, Mrs. A. H. Bryant entertained a few friends with bridge last Thursday evening.

Two tables of guests were present. A delicious dessert course was served to the following: Mr. Bryant, guest of honor; Mr. and Mrs. Frank Hicks, Mr. and Mrs. O. W. Gano, Mr. and Mrs. Earl Robbins, and the hostess.

MRS. WARWICK ENTERTAINS WITH LUNCHEON AT AUSTIN

Mrs. Clyde W. Warwick entertained at luncheon at the Austin Woman's club Saturday a group of women who had accompanied their husbands to Austin for the meeting of Texas editors held on Friday and Saturday.

Pink rosebuds and feathery golden acacia made an effective centerpiece and each place was marked by a spun sugar confection simulating a Texas cactus in blossom.

The honor group included: Mrs. Sam Harben and Mrs. Sherwood Spotts of Richardson; Mrs. Walter Adams of Forney; Mrs. Bob Baldridge of Clifton; Mrs. Harry Swinker of Brady; Mrs. Higgs of Stephenville and Mrs. Jackson of Coleman.

Other guests were: Mrs. Ross Sterling, Mrs. Fred Minor, Mrs. Bailey Hardy, Mrs. J. W. Reid, Mrs. H. Y. Benedict, Mrs. Bob Barker, Mrs. Florence Street, Mrs. Adrian Pool, Mrs. Walter Woodward, Mrs. Julian Harrison, Mrs. Ben G. O'Neal, Mrs. Clint Small, Mrs. Charles S. Gainer, Mrs. Lee J. Roundtree, Mrs. George Purl, Mrs. J. M. Claunch, Mrs. Ed Dunlap, and Sen. Margie E. Neal and Miss Oveta Culp.

MRS. NAPIER HONOREE AT PARTY WEDNESDAY

A number of her friends delightfully surprised Mrs. G. D. Napier last Wednesday afternoon when they arrived at her home for an afternoon of visiting. The occasion was in celebration of her birthday and she was the recipient of many beautiful and useful gifts. Delicious refreshments were served.

Those who attended were: Mesdames Ridgway, Gentry, Long, Cheyne, Taylor, Bailey, Bishop, Stratton, Johnson, Shotwell, Hensley, Gibson, and Nicholson.

MRS. L. ANGEL IS HOSTESS TO CLUB

Mrs. L. Angel was a charming hostess to the members of the Merry Maids and Matrons club a and a few special guests at the regular meeting of the organization last Thursday afternoon.

Four tables were placed for forty-two. Following the games a delicious salad course was served.

SERVING PROBLEMS ARE DISCUSSED BY CLUB

The household problem of serving meals was discussed Thursday afternoon at the meeting of the Blue Bonnett club. Mrs. W. D. Pike was hostess.

Mrs. Jess Gunter gave an interesting and informative talk on serving dinners in the English style. A delectable four course dinner was served at this time.

Two new members, Mrs. Ball and Mrs. Hudson, were welcomed into the organization.

LARGE ATTENDANCE AT WOMAN'S BOOK CLUB

The Woman's Book Club held its regular meeting yesterday with an unusually large attendance. Mrs. O. N. Gamble and Mrs. H. A. Brown had charge of the study period. Sudermann's "Magda" and Hauptmann's "The Weavers" were the plays under discussion.

At the business session the subject for the next year's study was mentioned. Mrs. L. G. Allen reported for the program committee. No course was decided upon.

MRS. JAMESON TO ENTERTAIN SOCIETY

Mrs. C. E. Jameson will be hostess to the Methodist missionary society at her home next Tuesday afternoon at 3 o'clock. The voice program will be conducted by Miss Mattie Mae Swisher. It is urged that all members be present.

MRS. SHAW HOSTESS TO FRIDAY CLUB

Mrs. Travis Shaw was hostess to the members fo the Friday afternoon club at her home, 1908 Sixth Avenue, last week. Four tables were placed for bridge.

Cut flowers were lovely decorations throughout the rooms where the guests were entertained. A delicious salad course was served at the refreshment hour.

CLARK WILL JUDGE MUSIC CONTESTS AT DALHART

Wallace R. Clark will go to Dalhart next Monday to judge in the final events of the Tri-State Meet which included representatives of schools from northeastern New Mexico, Northwest Panhandle and the Oklahoma Panhandle. The college has furnished the judge for this occasion for the past five years, Herschel Coffee having been asked to do the judging each time. Mr. Coffee is on leave this year.

EX-SERVICE MEN NOTICE

R. E. Harter states that Wynn S. Goode, department service officer of the American Legion is making a trip to the Panhandle in the interest of claims for ex-service men. He will be in Amarillo on Thursday, February 19.

Ex-service men who have claims to be presented to the government are requested to get in touch with Mr. Goode, either direct while in Amarillo, or through Mr. Harter.

WORLD-FAMED PIANIST TO APPEAR IN AMARILLO SOON

Paderewski, acclaimed as the greatest pianist of all time will arrive in Amarillo on February 20 in his special car and will appear at the Amarillo Auditorium that night at 8:15 under auspices of Emil F. Myers of the Amarillo College of Music.

"The Superb," deluxe car has the distinction of being Paderewski's home sometimes for six months at a stretch. Whenever news comes that the pianist is returning to the United States, this car is overhauled, manicured and redecorated inside and out.

Unlike most musicians Paderewski does not favor hotels when he is on tour. When he has played his last encore and made his last bow in each town, he prefers to return to his own firesde—even if that fireside is only an electric heater on a railroad train.

The car is as nearly as possible the appointments of a home—his piano, his books, comfortable chairs and attractive hangings. It has its own lighting and heating system so that it can be sidetracked without losing any of the comforts. It is connected by telephone with each city where Paderewski stops for a concert. It has a special chef and accomodations forthe pianist's entourage of eight people.

Paderewski travels in his private car as a matter of convenience. He likes his one big meal a day late at night after the concert. To get a good hot freshly prepared meal at a hotel at midnight is next to impossible.

Those who have toured with him tell of how in the evening when the car is side-tracked, he will start playing. Out side his window a brakeman stops and listens, then an engineer, then other yard employees until a fair sized group is standing silently beside the car, listening with rapt attention to the wonderful music.

On concert days Paderewski retires to his stateroom at five o'clock to rest and concentrate. He emerges from his retirement dressed for his performance, but never eats before going on the stage. His dinner comes after the concert.

Tickets for Paderewski's concert in Amarillo are selling rapidly with the house about two thirds sold out at this time. Those desiring seats should place their order early as indications are the house will sell out, according to Mr. Myers.

Five W. T. Students Represent College League at Dalhart

Last Saturday five delegates from the College Epworth League and thirty nine from Amarillo leagues went to the district meeting of the Epworth League which was held at Dalhart. The representatives from W. T. were Jean Day, Mary Jo Gates, Ellen Jameson, Charles Kiker, and Willie D. Williams.

These five people left Canyon at three o'clock Saturday afternoon with Prof. C. A. Murray. At Amarillo they combined with the Amarillo people in the Flora Foreman Union delegation and went on to Dalhart with this group.

At this meeting. or convention, Mary Jo Gates was the first speaker on the formal program, giving an address on the ideals of the Epworth League and the purpose of the district organization. This address was followed by similar ones with representatives from the other unions and league chapters. After the formal program the groups from various towns were mixed and re-grouped so that all the people there had the privilege of meeting someone from another league. In the games and frolics that followed many new, interesting, and valuable friendshrips were made.

Sunday morning at eight thirty o'clock all district delegates present participated in the business meeting held in the basement of the Methodist Church. At this meeting Hereford was selected for the place of the next district meeting, which is to be held the second Sunday in April.

Dalhart's hospitality on this occasion was wonderful and greatly to be appreciated, according to the students who represented the Canyon College League there. Miss Day, Miss Jameson, and Miss Gates were entertained in the home of Mr. and Mrs. Moore, and Williams and Kiker in that of Mr. and Mrs. Moreman.

LEGION MEN ATTEND MEET IN AMARILLO THURSDAY

Several members of the Palo Duro Post of the American Legion were in attendance at the mass meeting of the ex-Service men held in Amarillo last Thursday night for the purpose of discussing measures now before Congress for the ex-soldiers compensation.

Those attending from Canyon included: Emmett M. Belles, Charlie Jones, F. W. Johnson, C. C. Morton. V. L. Briscoe, Jno. T. Nickelson, R. A. Doak, J. G. Conner and M. C. Younger.

Mr. and Mrs. Jeff Wallace and daughter, Alice, spent Monday in Dalhart visiting a niece of Mrs. Wallace, Catherine Jo Matthews, who has been quite ill.

Richardson Speaks Before Plainview Browning Club

"The Browning Pilgrimage of This Summer" was the subject chosen by Miss Mary Moss Richardson of the English faculty for an address before the meeting of the Browning Club of Plainview Wednesday. Mrs. J. J. Laas, formerly Miss Fanny Cash of this city, and an ex-student of the college, is an official of the club.

Mrs. Peterson and Mrs. Hammock, of Amarillo and Mrs. Harvey Cash and Miss Richardson from here, made the trip to Plainview to attend the meeting, of which Miss Richardson's talk was the feature.

The four ladies were guests of Mrs. Carter at a lovely dinner following the meeting.

The club was entertained by Mrs. Collier. Members of the Delphian Club were guests of the Browning Club for Miss Richardson's talk. At the close of the meeting, Miss Richardson was presented with a beautiful bouquet of red carnations.

TO HOLD 40 AND 8 MEET

A Panhandle-wide 40 and 8 meeting will be held in Amarillo Friday night when a "wreck" will be staged, at which time a number of new members will be initiated into the organization. National officers are to be present at the meeting. A number of the local 40 and 8, which was the second organization in the state, will attend the Amarillo meeting.

Singing Meet to Be Held Here February 15th

Randall County Singing Convention will hold its semi-annual meeting in the Presbyterian church Sunday, February 15th. The meeting will convene at 11:30 a. m.

There will be many singers thruout Texas and eastern New Mexico who will participate in the program. Notice has been received that John F. Taylor, president of the Plateau Singing convention, and Evelyn Taylor, secretary, of Clovis, New Mexico, will be present.

The Canyon Chamber of Commerce has been kind enough to donate bread, pickles and coffee for the convention, and the women of Randall county are expected to furnish the remainder of the lunch. Let everyone come with well-filled baskets and help entertain the visitors.

(Signed)
Dorris Stratton, Sec'y-Treas.

THE EAGLE'S TALE

VOLUME NO. 5 CANYON, TEXAS, FEBRUARY 12, 1931. NUMBER 20

EDITORIAL

Have you ever considered the effort that is put forth by the Canyon High School students to make this page? Are you interested in knowing what happens inside the walls? Do you think that The Eagle's Tale is a worthwhile page?

It takes a great deal of effort, time and co-operation on the part of the students and the printing company to make this meager bit. As a paper do you think the Eagle's Tale is worth reading? As a part of a future journalist's education do you think it is worthwhile? The editor would really like to hear your views of this page. A paper is published to please the patrons and we wish to place ourselves under that obligation.

The reporters and, for that part, every member of the staff considers it an honor to write something that will be read by the public in general.

The editor himself will be very proud to say when he has finished high school, "I have had five years of work on the Canyon high school paper."

It's nine times easier now for a wife to poison her husband than it used to be, because nine times out of ten it will be blamed on the home brew.

Eagle Quintet Trounces Five From Hereford

Playing fast and furious for five periods, the Eagles downed the Hereford quintet by a bare margin of 2 points, the final score being 21-19, last Thursday.

Pearson, playing forward for the Eagles, finished with a total of 10 points. Hardin came next with five points. The remainder of the score was distributed among the rest of the players, each of them scoring. The game ended with the score 16-16. An extra period was called. Pearson scored 5 points, which placed the Eagles in the lead. The Hereford boys, with a final burst of speed, succeeded in scoring 3 points. The game became so exciting and the din so loud that the referee's whistle could not be heard. This game does not decide the championship of the two teams, for the Eagles must meet Hereford at Hereford Saturday night.

Girls' Game

The Canyon High Girls' team took the Hereford girls into camp last Thursday night at the local gymnasium.

This game was very fast and well played from beginning to end. Louise Solomon and Amogene Fowlor, playing forwards, did exceedingly well. They ran up a total of 42 points to Hereford's 29. Solomon was high point with a total of 25 points and Fowler with 17.

Correct this sentence: "It is a fine proposition, but I haven't got the money just at this time."

Classes

SENIORS

The annual selling contest has started, and the Seniors have taken their first steps. The favorite girl and boy were chosen Wednesday at the class meeting. The celebrities selected were Mildred Middleton and Jim Cabe.

The annual this year will cost two dollars; however, only one dollar is paid now and the other is to be paid on receipt of the annual. When one dollar is paid on the annual two hundred votes will be cast for the candidates of one class. The Junior and Seniors are in the same contest. The class that sells the most annuals will have the honor of having the pictures of its celebrities in the annual. The Sophomores and Freshmen are in a like contest.

All pictures for the annual must be in by the 17th of February. It is requested that all Juniors and Seniors, who have not had their pictures made yet, will do so immediately.

JUNIORS

The Junior class chose their annual representatives Friday—the final ballot reading: "Red" Harden and Celestine McGee.

Come on Juniors! Let's get their pictures printed! If you buy an annual buy it from a Junior so your 200 votes can go to Celestine and Red.

SOPHOMORES

Sure the sophomores have pep! They spent a larger part of the class meeting Wednesday yelling pep yells and learning their new class song. Some discussion was made of a party, but a nomination was made and carried that the class save its money and put over a big page in the Year Book.

The contest between the sophomores and freshmen does not seem to be raising a great deal of excitement, so someone must go to talking "sales talk." It is a true fact that one or other of the classes is going to get the picture of their celebrities printed; so if you want to see Maxine Middleton and D. B. Pearson "put it over"—back them.

SCARING US TO DEATH

Clever advertising of antiseptics and other preparations reputed to save us from all the ills to which the flesh is heir has done a lot of harm, according to Dr. Shaw, professor of philosophy at the New York University.

While real science is relieving the human mind of many former bugaboos, modern "fear factories" are manufacturing new horrors to alarm the gullible and shorten their lives through sheer fright.

Just as we have been reassured by scientific control of yellow fever, small-pox, malaria and a host of old-time dangers, along comes the kill-joy tribe, warning us of the menace of dandruff, pyorrhea and halitosis. Quoting the good doctor:

"Man is tormented with an array of drug-filled remedies which are supposed to act as antiseptics. The bathroom becomes a clinic, and every man a doctor in spite of himself. Now, dread in the heart is worse than dandruff in the hair, and fear in the soul is more unsightly than film on the teeth."

To which we may only add, as the high school girl would say, "Ain't it the truth.

Chapel

Thursday, Dr. C. A. Pierle of the West Texas State Teachers College spoke to the students of Canyon high school on "Waste and What Science is Doing About It." He pointed out that America was the most wasteful nation in the world and that science is more and more eleminating these wastes.

The talk was very interesting, and the students wish that Dr. Pierle will return.

Clubs

S. P. Q. R.

The Latin Club met Tuesday, February 3, in the Latin room. The club decided on different ways to earn money to send the winning contestants to the Latin Club tournament at Lubbock. Verline Furlow read, "Apollo and Daphne" from the "Age of Fable on Beauties of Mythology," by Bulfinch. The Roman laurel tree was discussed by the class.

TYPE HIGH

The Press Club met for its usual meeting February 3 in Miss Dickinson's room. The minutes were read and approved. Then Charline Wiseman, the new business manager of the "Purple Page" gave a financial report. Nan Johnson gave a talk on "The Life of a Reporter." As some new members had come in, Katye B. Lowe explained the duties of a member of the Press Club. It is sincerely hoped that each member will conscientiously try to hold up the standards of the club.

MISS DOWLEN ENTERTAINS

Several of the friends of Mary Dowlen were entertained at her home Saturday evening, Feb. 7. A very enjoyable evening was spent in playing such games as three deep, winkem, knocking for love, and bridge. Refreshments of punch and cookies ended this night of nights.

It's possible to find women who are not susceptible to falttery, but you'll have to go to the cemetery to do so.

No wonder the meek shall inherit the earth. The fix it's getting in now you couldn't wish it on anybody else.

Many people who spend much time in loafing, can't find any time in which to work for their home town.

Whatever other sorrows Eve suffered, she was never taunted by Adam's reference to his mother's cooking.

If you have time to waste, confine it to your own. Other people often have something better to do.

Activity Large In Home Rooms This Semester

Miss Rusk's Home Room organized February 2. Heretofore the room has been studying the constitution of the United States. The study has now been concluded, and the members are ready to enjoy the regular home room programs.

The following officers were elected:

Boots Herndon, president.

George Gaede, vice president.

Florine Bowman, secretary.

Bettye Sternenberg, parliamentarian.

Melva Gamewell, reporter.

The program committee nominated was: Sybil Gidden, chairman; Claire Lockwood, and Clark Ash.

The two senior home rooms met for a joint meeting in the auditorium February 6. Mr. Wallace R. Clark, from W. T. S. T. C., gave an interesting talk on the opera, "The Barber of Seville." In this, he gave some interesting sketches on several of the characters, especially Figuro. We hope to have him visit us again in the near future.

Coach Brady gave each of the boys of the Eagle team a home room group to coach. Time has been arranged for the boys to work out their teams. Further announcements will be made concerning the details of the game.

The coaches for the teams are:

GIRL SCOUT HIKE

A jolly group of girl scouts accompanied by their Mistress, Lois Goodrich, and several guests spent a grand and glorious day in the canyons, Saturday.

Hiking, signaling, skating and other enjoyable things were done. Everyone enjoyed these out door sports and exject to go on more such excursions as the days grow warmer.

"I thought I'd have a fit," as the customer said to his tailor.

"You can drive all day at 60...and your Germ-Processed won't thin out!"

HOW often have you heard, "I'll have to change oil early this time because of high speed driving"? It was quite the customary thing, until Conoco Germ-Processed Oil came along.

Now an all-day drive at a 60-mile speed brings no oil worries. You know that Germ-Processed oil won't thin out at high speeds; know, too, that it actually reduces motor operating temperatures because of the added "oiliness" produced by the Germ Process. The proof... at the Indianapolis and Altoona races at speeds up to 120 miles an hour and in numberless individual tests... is history now. Your own experience will add to the weight of the proof.

You need Conoco Germ-Processed Motor Oil in this day of high speed motors and high speed driving. You'll find it at the sign of the Conoco Red Triangle...the proper grade for your car at 35¢ a quart.

PORTRAIT OF ROBERT MOODY SENT P. P. H. S.

PANHANDLE PIONEER WAS A CATTLEMAN DURING OCCUPATION PERIOD.

The latest and one of the most valuable additions to the museum collection of the Panhandle-Plains Historical Society is a large portrait of the late Robert Moody of Canadian, Texas, and Long Beach, California. This portrait was secured by Mr. John J. Gerlach of Woodward, Oklahoma, and was loaned to the society by Misses Margaret and Virginia Moody, of Oklahoma City, granddaughters of Robert Moody. Mrs. Gerlach is the daughter of Mr. Moody.

Robert Moody first came to the Southwest in the late fifties and early sixties as a freighter from Kansas City to Santa Fe, New Mexico. These experiences of his early manhood imbued him with the spirit of the frontiersman and laid valuable foundations of character which were to grow and become more useful in the maturer years of his life during the period of occupation and settlement of the Southwest.

Robert Moody came to the Panhandle in 1878. At this time the ranching business was just coming into its own. Mr. Moody was a resourceful business man. He was one of the founders of the PO Ranch with headquarters on Elk Creek eight miles southeast of Canadian. This ranch was owned by the Moody-Andrews Cattle Company. The company was dissolved in 1884 after selling its cattle for a handsome sum of money. Mr. Moody continued in the cattle business and was actively engaged in the upbuilding of his country until his death in 1915.

Mr. Moody belongs with a group of sturdy pioneers who did much to pave the way for settlement in the Canadian country, such as the Creswells, Eubanks, Connels, Biggers, Morgans, Hayes, Harringtons, and many others like them. "I believe these men stamped an influence upon the cattle business which can be felt until this very time," said a rancher of Canadian who was intimately acquainted with these men and their work.

It is hoped that many of the portraits of these pioneers will come into the Society's possession.

Junior Class Men Sponsor Program at Men's Chapel

With Bob Jarrett, president of the class in charge, the men of the junior class sponsored a very entertaining program for the men's section of the "split" chapel Saturday morning.

Following two vocal solos, "Your Mother and Mine," and "Good Evening," sung by Emmett Smith, the program was turned over to Mr. Travis Shaw, and his moving picture machine. Great interest in all the reels was manifested, especially those of Randall and Cousins Hall. Gene Whitman and the water hose furnished the comedy section of the Randall scene. The opening of the College Golf Course and also shown. In this reel, Dean Jarrett's master stroke furnished the laugh.

Quite a deal of excitement was stirred up by the showing of the Buffaloes in the Tech, Simmons, and McMurry games of last fall. Incidentally there were some of the McMurry basketball Indians visiting at the chapel and watched their football heroes get defeated.

Department and Practical Study at Dawn is Good

The Dawn high school received a visit last Wednesday from one of the W. T. instructors, Dr. Harris M. Cook. Dr. Cook was very well pleased with the work in this school and compliments them highly on their practical work in the class room. Particularly was he impressed with the work in music, manual training, and in agriculture.

Dr. Cook reports that this school, superintended by Mr. A. J. Morris, taught altogether by W. T. exes, is doing work which will be of practical value to the pupils. Some of the projects of manual training have been feed troughs, library tables, magazine racks, etc., all of which are of practical use to the pupil.

The school, as a whole, Dr. Cook reports, is doing a work which is directly connected with the lives of the pupils. The laboratory equipment is not very abundant, but the teachers and students are making the most of what they have, and are using originality as a good substitute for the remainder.

The agriculture and manual training departments have improved the drinking facilities of the school. The Science classes have improvised a great deal of their laboratory equipment and bring their study near to the kind of work in which the principles of Science will be used.

In the chapel exercises certain selected pupils are given charge of the music. These pupils conduct the music of the chapel with apparent pleasure and do it nicely.

Dr. Cook especially commends these four W. T. products on their adapting the school work to the local situation.

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn. will demonstrate without charge his unequalled method in Amarillo, Saturday, Feb. 21, at the Herring Hotel from 10 A. M. to 4 P. M.

Mr. C. F. Redlich says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkabley short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

Stomach troubles, backache and constipation nearly always a consequence of rupture, promptly disappear.

Bring your children. According to statistics 95 per cent recover by our method.

Make Your Gas Bills Thrift Bills

While we cannot regulate the amount of gas that you use, we do urge you to take care that your consumption does not exceed your actual needs.

In other words, we want you to get the most out of the gas you use; we want you to make your gas bills thrift bills.

We desire this because a careless, wasteful use of gas results in big bills, complaints, delayed payments and other expenses which, when taken together, mean dissatisfied customers.

Satisfied customers constitute our best asset. They are worth more to us than any revenue derived from gas which is wasted.

HOG DIVISION OF STOCK SHOW WILL BE FEATURE

AMARILLO.—A premium of one-fourth of a cent per pound above top market prices for Pig Club Hogs will be paid by the Pinkney Packing Company of Amarillo during the Fat Stock Show, March 2-5, 1931, it was announced today. It is believed that this will be an incentive to the boys and girls to strive hard for more and better entries in this division of the big spring exhibition.

The different divisions of the Fat Stock Show are very busy days preparing for the Panhandle's first annual exhibition of this kind. Construction work on additional buildings and facilities at the Tri-State Fair grounds, where the show will be held, is being rushed. Railroad switching facilities, for the convenience of all exhibitors will be provided. The city of Amarillo will furnish the scales for weighing stock. A brand new Sales Pavillion and Show Ring are being erected.

Both the Panhandle Live Stock Producers Association and the Panhandle Swine Breeders Association will hold their annual conventions here during the show. Plenty of amusements, including midway and special stage attractions, are promised by Wilbur C. Hawk, general manager of both the Tri-State Fair and the Fat Stock Show. Amarillo's automobile men and other organizations will lend their aid toward making the exposition one long to be remembered for its completing and enjoyable features.

As attendance record is expected for this event, as all railroads entering this territory have granted low round trip rates for those living at a distance, and special days during the show for nearby counties are planned to draw exceptional crowds from all sections of the Panhandle-Plains region.

George and Savage Visit in Several Schools This Week

L. N. George and F. E. Savage made a visiting trip to the northeast Plains Tuesday in the interest of the Chamber of Commerce and the Ex-students Association. They were accompanied by Gollehon, Yarborough, Smith and Jameson, the College quartet.

Leaving Canyon at six a. m., they visited the school at Allanreed, speaking to students and faculty there.

At Shamrock talks were made to the high school students, and at a business men's luncheon, with the quartet furnishing music.

Wheeler and Briscoe schools were visited in the afternoon and at night the party attended an ex-students meeting with more than forty W. T. exes present. Mrs. R. William Brown formerly Miss Vida Savage, was in charge of the program, and Miss Viola Jones, County Home Demonstration Agent had charge of the banquet.

The trip of almost three hundred miles was ended at 2 a. m. Wednesday when the visitors reached Canyon. All of them were well satisfied with the success of the day.

Spanish Program Given at College Assembly Tuesday

A number of towns-people attended the assembly program at the College Tuesday morning, which was in charge of Miss Mary E. Hudspeth, head of the department of foreign languages.

The greater part of the program was furnished by a Mexican orchestra from Amarillo. The members of the orchestra, which played typical Mexican music, were Bonifacio Malacara, Santiago Diaz, Antonio Muro, Ignacio Palacio, and Maximino Hernandez.

Sam Cleland, president of the Spanish club, introduced the performers and announced the numbers, in Spanish. Professor T. M. Clark's German class sang three German songs.

Students in Spanish costume were seated on the stage, which was decorated with Spanish pictures, shawls and rugs.

Miss Agnes Charlton, associate professor of Spanish, and members of the Spanish club assisted with the arrangements.

Buffaloes Take 2 With McMurry Ind

The West Texas Buffaloes by taking the two game series with the McMurry Indians Friday and Saturday night took the undisputed lead in the western half of the T. I. A. A. pennant race. The score for the first game was 48-25, while the second scramble ended with the Buffs holding the long end of a 41-11 score.

The first game started off with the Indians pulling that old delayed offense stunt but the Buffs broke into the arrangements and started the fireworks and the boys had to start speeding up the party. Right here, be it known, the Indians set a fast pace for the home boys and after deciding to dispense with the delayed attack they scrapped the Buffaloes every foot of the route. Near the end of the second half. Burton gave the first crew a rest and ran in the second shift, consisting of Richards, Layne, Cooper, Monroe, and Fitzgerald. At this point the score was 39-18 for the Buffs and the relief squad held the visitors to 7 points while they garnered 11, the game ending 48-25 for the Buffs.

Second Game

Saturday night the visitors started off with a great big bang and for about seven or eight minutes held the lead on the tall boys. Due to the fact that this was the fourth game in seven days for the Buff quint, they were miles off and "Sad" Sam pulled the entire first string and run in the relief again. At the end of the first fifteen minutes the score stood 3-3 and at the half 11-10 for the Buffs.

It is to be supposed that the boys had a little bit of old time religion preached to them during the intermission for when the whistle blew. the first string took the floor again and when the carnage ended the Buffs had amassed a total of forty-one points while the Indians were drawing a solo. The final score was 41-11 with Burk again high point man with 14 points. Curry for the visitors held the spotlight with 4 points.

Ten W. T. Profs. are Listed As Active A.A.U.P. Members

Coming out Thursday, February 4, the bulletin of the American Association of University Professors lists for the first time a number of the faculty members of the college here.

The list of the W. T. active members of the Association includes L. S. Baker, head of the biology department, Dr. Albert Barnett, of the education department, S. H. Condron, head of the government department, Dr. Harris M. Cook, of the education department, J. L. Duflot, head of the department of sociology, T. B. McCarter, head of the physics department, Dr. Grant McColley, head of the English department, F. E. Savage, superintendent of the W. T. training school, and L. F. Sheffy, head of the history department.

The A. A. U. P. is the foremost organization in America having as its objectives the development and maintenance of a college atmosphere in education today, and the promotion of fellowship between people of kindred ideals.

Southern Songs are Feature of Last Theater Program

Coming as the second Children's Theater production of the winter quarter, "Grandmother Has a Party" was well received Thursday afternoon. The play was written by Miss Novella Goodman, and Miss Ada V. Clark, both of the W. T. training school faculty. The songs used in the play were taken from Dorothy Goodon's "Sing it Yourself," a book of southern folk songs.

During the interim between the first and second acts of the play Professor Wallace R. Clark, head of the music department, favored the audience by singing for them a group of Negro spirituals, including "Swing Low," "I'm a-Rollin'," "Sometime I Feel Like I Wanta Go Home," and "I Gotta Robe." He was accompanied by Miss Hazel Allen, of the piano department.

Characters in "Grandmother Has a Party" were chosen from both the college Dramatics Club, and from the children of the training school. One faculty member, Miss Isobel Robinson, of the art department, was also in the cast, playing one of the most important roles, that of "Grandmother."

The cast was as follows: "Grandmother," Miss Robinson; Aunt Carolyn, Frances Usery; Aunt Sue, Martha Nell Lang; Aunt Dot, Mary Alice Weaver; and the following roles played by children of the training schools as given: Polly, Lela Loudder; Mae, Evangeline Baker; Alice, Ila Fae Smith; Elizabeth, Agnes Smith; Mary Ann, Virginia Murray; Nell, Cleo Bourland.

A number of visitors from rural schools in this territory, where W. T. exes are teaching, attended the performance.

Dean Cook Speaks on Modern Extra-Curricular Work

Dean Harris M. Cook was the main speaker at the meeting of Teachers' Association of Swisher county at Tulia last Thursday afternoon. His address concerned extra curricula activities. Mrs. Cook and Mr. George accompanied him on this trip.

In his address, Dr. Cook quoted the words of a school superintendent of 1872 in giving the average opinion of that time of the extra curricular activities, or play as it was called then, and gave the evolution of the so-called extra-curricular activities to the present, finally showing the value of the type of work in the present school system.

Dr. Cook was enthusiastically received by his audience. Mr. George also, took his audience in his brief address at the banquet Thursday evening.

Mr. George reports that there are more than sixty W. T. exes teaching in Swisher county and one hundred four in the same county who are not teaching.

If a public official neglects his duty, he is considered inefficient, but if he does it, then he is accused of truckling for votes.
